SECTION 28, COPYRIGHT LAW.

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS' NOTE

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. The publishers cannot, of course, guarantee the correctness of information furnished them nor the complete absence of mistakes, hence no responsibility for errors or omissions can be assumed, but we will welcome the bringing to our attention of any inaccuracies so that correction may be made in the next Directory.

SPRINGFIELD, MASS.

"The City of Homes"

Form of Government

Bicameral with Mayor.

Population

U. S. Census (1950) 162,601.
Estimated (1954) 163,700.

Area

31.90 square miles. Altitude 40 to 243 ft.

Temperature

51.2° Ten year average.

Rainfall

41.6" Ten year average.

Parks, Playgrounds, Zoo and Land

148 with 2,200 acres valued at $7,826,853. Estimated value of Zoo buildings, $70,000. Animals valued at $15,000.

Assessed Valuation

$327,438,108 (1953).

Tax Rate

$49.80 per $1,000 (1953).

Bonded Debt

$16,658,000 (Dec. 31, 1953). Gross Debt.

Financial

Six commercial banks having trust departments with total deposits of $222,804,020 (Dec. 31, 1953); total resources of $248,872,585 on Dec. 31, 1953 and clearings of $598,454,613. Three savings banks with total deposits of $161,589,007 on Dec. 31, 1953.

Post Office Receipts

$3,144,026.38 for year ending Dec. 31, 1953.

Churches

Total 93. 75 Protestant, Jewish and Nondenominational, 18 Catholic.

Building Construction—1953

1,371	new permits issued	$8,956,030
909	alterations and additions	$2,032,476
2,280		$10,988,506

Radio Broadcasting Stations

WBZA; WSPR; WMAS; WTXL, WSpfd; WACE, Chicopee; WJKO.

Television

WWLP—Channel 61; WHYN—Channel 55.

Industrial

Chief manufactures of the city and surrounding territory (manufacturing); electrical machinery, apparatus and supplies, foundry and machine shop products, machine tools and machine tool accessories, firearms, plastic materials, printing and publishing, envelopes, motorcycles and parts, forgings, clothing, bronze and aluminum castings, knit goods, games and toys, handbags and billfolds, chemicals, tires, magnetos, valves, electrical appliances, sporting goods.

Trade (Retail and Wholesale)

Retail area has radius of 50 miles and population of 460,116. Wholesale area extends 100 miles and population of 800,000.

Newspapers

Two daily. One Sunday.

Hotels

Twenty-three with total of 2,286 rooms.

Railroads

NY Central (Boston & Albany), Boston & Maine, New York, New Haven and Hartford.

Highways

Route No. 5 north to Canada and south to New Haven; Route No. 20 east to Boston, west to Albany; Route No. 57 connects Springfield with College Highway; Route No. 116 to Amherst; Route No. 83 to Somers, Conn.

Airports

American Airlines, Eastern Airlines, Northeast Airlines and United Airlines, serving Springfield from Bradley Field, Windsor Locks, Conn., 12 miles from city.

Mohawk Airlines from Barnes Airport Westfield, 10 miles from city.

Amusements

15 moving picture theatres. Municipal auditorium seating 3,218. One legitimate theatre seating 1,530.

Golf Courses

Eight in Metropolitan area, including two municipal.

Hospitals (Metropolitan Area)

Eleven hospitals include two in Holyoke, one in Ludlow and the new Municipal Springfield Infirmary and Shriners. Total number of beds, 2,633.

Educational—1952

American International College; Springfield College; Western New England College and State University Extension—Springfield Division. Bay Path Junior College.

Public Schools: 38, 29 elementary, four junior highs, two senior highs, one combined junior and senior high, one combined elementary and junior high and one Trade High School. Number of pupils in public schools, 21,860. Number of parochial schools, 10. Number of pupils, 4,795. Number of teachers in public schools, 794. Value of public school property, $16,285,000.

Public Libraries

Seven branches with a total of 526,188 volumes.

Latest City Statistics

Total public street mileage, 270.91 with 269.770 paved miles. Miles of gas mains, 308.8; of sewers (storm and sanitary), 361.13 (8.64 put in during 1952. Number of water meters, 29,907; light meters, 57,719 and gas meters, 40,550 (last three figures for Springfield only). Capacity of water works 50 to 55 million gallons per day with a daily average water consumption of 25,501,000 gallons, 431.64 miles of water mains and water plant gross value is $23,787,529.11. Fire department has 472 paid men with nine autos, 10 engines, 13 hose wagons, nine hook and ladder trucks and 14 station houses. Value of fire department real estate and equipment, $1,913,369.50. Police department has 351 paid men, with three stations, 43 pieces of motor equipment, 20 of these being motorcycles. Value of police department equipment, $441,972.15. There are 80,565 telephones operating out of the Springfield Central office.

FROM 30% TO 50%

OF the information in the Directory of a city or town changes each year. Did you know this? For this reason is it not money saved to have the latest information handy? The only way to do it is to have the Latest City Directory.

THE CITY TODAY

Springfield, Massachusetts was settled in 1636, as a result of the efforts of William Pynchon and a band of faithful followers who sought the fertile valleys in this part of the country, for homesteading purposes. It was made a town May 14, 1636, and incorporated a city May 25, 1852.

The city and area have grown to a community having a population estimated to be 411,500. Springfield is 89 miles from Boston, 103 miles from Albany, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities, including West Springfield, Longmeadow, East Longmeadow, Wilbraham, Ludlow and Chicopee.

Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities agricultural in character. The industry of the community is of varied quality. The skill of workmen to be found here has developed the popularity of the community as an industrial section for the manufacture of many varied products. For the most part, raw materials and supplies are transported to the city. The location of the city nearly equidistant from the three large centers—Boston, Albany and New York—is an enviable one.

The rolling hills rising from the Connecticut River Valley provide excellent residential sections.

The prevailing meteorological conditions give Springfield typically New England seasons with charming summers and cold winters.

SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid, in the development of the community. Under the municipality, there operates a Springfield Water Works the activities of which provide the community with excellent drinking water, piped to the city from the eastern foot-hills of the Berkshires. An excellent reservoir system of great capacity provides a flow adequate to care for the city for many years to come.

SPRINGFIELD GAS LIGHT RATES, JANUARY 1, 1954.

Household rate

First 100 cu. feet $1.15; next 400 cu. feet at .32½ cents per 100 cu. feet; excess .25 cents per 100 feet.

Water heat and refrigeration

500 cu. feet at $2.45; next 500 feet at .25 cents per 100 cu. feet; anything above is 16 cents per 100 cu. feet.

Heating rate

First 500 at $2.45; next 500 feet at 25 cents per 100 cu. feet.
Over 2,500 at 16 cents per 100 cu. feet.
First 60 hour use of demand at 15½ cents per 100 cu. feet.
Over 60 hours use of demand at 12½ cents per 100 cu. feet.
1,000 B.T.U. Natural Gas replacing 581 B.T.U. Manufactured Gas.

WESTERN MASSACHUSETTS ELECTRIC LIGHT RATES, JANUARY 1, 1954.

Household rate and refrigeration

First 12 KWH or less $1.00; next 88 KWH at 3½ cents per KWH; balance over 100 KWH is 2.8 cents per KWH.

Water heating

for off-peak storage water heating—first 50 KWH, 3 cents per KWH; over 50 KWH, 1 cent per KWH.

THE QUADRANGLE

The historical and educational center of Springfield. Located in the heart of the city, State st and Chestnut st rear of library. Here the latest books or the oldest paintings may be enjoyed by everyone. In the Quadrangle are located the Science Museum, two Art Museums, the Natural History Museum, the Planetarium, and the Public Library.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public schools' program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first—the Classical High School the curriculum is of an essentially academic character, providing for the continuance of education in the academic colleges and universities. The second—the Technical High School—is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third—the High School of Commerce—prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth—the Springfield Trade School prepares the pupil for industrial employment.

Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

Springfield has dwelling units for 47,414 (1950 Federal Census) families and has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possessing many natural advantages and proving pleasing to all. Abundance of water power in the valley has caused erection of enormous hydro-electric stations with the result that reasonable electrical rates prevail and all homes enjoy the use of electricity with its advantages. There are many community civic organizations, each of which was formed for the definite improvement of its part of the city.

CONSUMING POWER

Farm products valued at approximately $7,093,750 were raised in Hampden County in 1946 and consumed mostly in this area. $82,250,889 worth of stock and materials was used in our factories in 1945. Springfield is forced to import from outside all basic raw materials and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial position.

INDUSTRIAL SITUATION

The latest available statistics for the Springfield area show 304 industrial establishments making as many different lines, paying gross wages of $70,664,010, employing 20,691 people. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. Westinghouse Motors and Bosch Magnetos, Smith & Wesson revolvers, Springfield rifle, Absorbine Junior liniment, Monsanto chemical products, and Milton Bradley games and toys, Breck hair preparations and Buxton billfolds are typical examples. Industry in Springfield is highly diversified though the manufacture of electrical goods and equipment slightly predominates in value all other lines. Skilled artisans can usually find steady employment in Springfield due to this condition.

FINANCIAL SITUATION

Though having one of the lowest municipal tax rates in Massachusetts, Springfield has been continuously developing without unduly burdening the public and has a total outstanding net bonded indebtedness of but $11,138,000. Economy is the rule of Springfield's administration though large appropriations for permanent improvements are made yearly. Springfield has five commercial banks and six savings banks; additional banks: two Co-op., one Federal Land Bank. Due to its being so accessibly located Springfield was chosen as the logical location for the establishment in New England of the district branch of the Federal Farm Loan System.

RETAIL TRADE

While Springfield has a population of 165,000 estimated people, its retailers serve a territory containing 461,116 population. The two main department stores of Springfield do an annual business in excess of $20,000,000. The large proportion of merchandise carried in Springfield is of a quality nature. Seventy-eight per cent of its inhabitants are native born.

WHOLESALE TRADE

Springfield is served north, east, south and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate. Springfield is the distributing center for all of New England for many items.

CIVICS AND WELFARE

Of outstanding value is the work done by the City Planning Board through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases, two hospitals maintained particularly for the care of maternity cases; and one hospital for diseases requiring isolation, erected by the city at a total cost of approximately $750,000. Beautifully modern, a wing of the Springfield Hospital, erected at a cost of $2,500,000, was opened late in 1931. Springfield is fortunate also in being the home of the Shriners' Hospital for Crippled Children for the whole New England area. Medical and surgical treatment may be had from many physicians and surgeons of repute. New Wesson Maternity Hospital open in Sept., 1953 at a cost of approximately $2,000,000. New Municipal Hospital costing approximately $6,000,000 will be opened soon.

Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention.

Springfield possesses every type of amusement and recreation offered in cities of its size —theaters, dancing salons, boating, canoeing, golfing, tennis—all of these are available. Supervised recreation for children is made possible through the very efficient work of the Springfield Park Department, which operates 146 public playgrounds, lands and parks covering more than two thousand acres.

THE CROSSROADS OF NEW ENGLAND

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Maine, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 461,000. To the community are attracted these persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here are located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

Springfield is the Western Gateway to New England, and the most easily accessible city in New England from points outside thereof. During 1953, 22,150 persons attended 58 conventions held in the City of Springfield. The Springfield Chamber of Commerce operates a Convention & Visitors Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city.

ADVANTAGES AND CLAIMS

In the last analysis, Springfield is the only moderate city in the eastern U.S. that has developed a balance of beauty, education, finance, industry, commercial and recreation.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

MUNICIPAL WATER WORKS

The works are in charge of a board of Water Commissioners consisting of (Anthony P. McQuade, chairman; Dudley B. Wallace and Mayor Daniel B. Brunton). Leland G. Carlton, supt.; clerk and water registrar, John W. Costigan; Peter C. Karalekas, chief engineer. Office, (319) City Hall. Service building and Yard, 71 Colton. Office hours 8.15 a.m. to 4.45 p.m. Monday thru Friday. Telephone: (applications and information) 6-2711; (work and trouble calls, day or night) 2-5188. The supply of water is taken from the Little River watershed (situated principally in the towns of Blandford, Granville, and Russell) and by means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	29,280,000
Total	25,437,580,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,871,798,000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each independent premises the rates shall be as follows:

For the first 5,000 cubic feet or less per quarter, at 20 cents per 100 cubic feet (about 27 cents per 1,000 gallons).

For all excess over the first 5,000 feet per quarter, at 8 cents per 100 cubic feet (about 11 cents per 1,000 gallons).

Subject to the following minimum quarterly charges:

(a) Each tenement or apartment not less than $3.00 per quarter.

(b) Business blocks, manufacturers, and other industrial plants, elevators and motors, each bill for each independent premises, not less than $2.50 per quarter.

Special for Elevator Uses—Where the total or aggregated quantity for operating one or more elevators on each independent premises amounts to 33,000 cubic feet or more in any one quarter, and is metered and billed independently of all other uses, the entire quantity will be computed at 8 cents per 100 cubic feet; but no bill hereunder shall be rendered at less than $25.00 per quarter.

Business and industrial buildings of more than one section, and adjoining or adjacent buildings, under one independent ownership as a plant (if not separated by a street or by any other buildings or premises under another ownership) may be considered as one independent premise, and as such, subject to the computing and billing of the foregoing meter rates. In all other cases the supply through each service and meter shall be computed and charged as separate and independent bills.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charge for same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

The Mortality of Advertising

◆

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

◆

The Price & Lee Company

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

THE SHORTEST DISTANCE BETWEEN TWO POINTS IS

● ~~A STRAIGHT LINE~~ ●

Your City Directory is the Straight Line medium to bring Your Merchandise and Your Services direct to the buyer.

•

There is no running around in circles before finding the commodity or service the buyer wants to purchase.

• • •

The Buyers Guide and the detailed listings in your City Directory form the STRAIGHT LINE to your needs.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

1000 x 3½ x 305 =

1,067,500

Consultations or

☐ **AUTO FINANCING** at low *bank* rates. Take up to 24 months to repay. You may insure through your own agent.

☐ **LOW-COST PERSONAL LOANS** from $60 up—for medical expenses, car repairs, accumulated bills, emergencies—or any worthwhile purpose. Quick service, convenient terms.

☐ **COMMERCIAL LOANS** for every credit need.

☐ **CHECKING ACCOUNTS** for businesses *and* individuals. Union Trust offers both Regular Checking Accounts and Special Checking Accounts. One of them will suit your requirements perfectly.

☐ **SAVINGS ACCOUNTS** to help you build your security save for the things you really want: a home of your own, a college education for your children, comfortable retirement.

☐ **HOME FINANCING** at money-saving bank rates, and terms you can afford. GI and FHA loans invited.

☐ **COMPLETE TRUST SERVICES** Union Trust serves as Executor, Trustee, Agent, Custodian. Staffed and equipped to give you top-grade service.

—Every modern banking service "under one roof"!

Have You a Message for Men?

Let the CITY DIRECTORY carry it home. Enlighten the public as to who you are, where you are and what you have to sell. The City Directory will keep your name before the public all the year 'round. Our copy writers will animate your advertising. And no man well supplied with mental gravity will differ from this: Perpetual Publicity Plus Personality Produces Patronage.

The Price & Lee Company

UNFAILING GAS SERVICE
since 1848

Over 100 years of uninterrupted GAS SERVICE is the record of this company. Through 5 wars through good times and bad through storm and hurricane, our service to homes and to industry in the Greater Springfield Area has been constant and sure.

Today, with NATURAL GAS we are better able to maintain the supply of GAS SERVICE at all times.

Dining Rooms Open From 7 A. M. to Midnight

The Highland owes its popularity to the really outstanding quality of its foods and beverages. People know that here they will find—always—delicious dishes and specialties, perfectly cooked and served in pleasant surroundings at sensible prices.

The men's Bar is known for its well kept draught beers and ales. The Highland cellars are well stocked with excellent wines, imported liqueurs and cordials, rare old bonded pre-prohibition whiskeys and leading brands of champagne.

As long as our community maintains an adequate supply of capital, there will be opportunity, jobs, security and happiness for all. Our objective is to conserve and create community capital in two ways:

(1) Through the sale of insurance
(2) By eliminating unnecessary costs and taxes levied against estate assets.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305 =

1,067,500

Consultations or

Circulation Consulted

EVERY STORE

should be in the Directory and the Directory in every store.

Besides its use to the keeper of the store, it is a convenience customers look for.

The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

Common Sense

About City Directory Circulation

THE true value of advertising circulation is *circulation consulted.*

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305=

1,067,500

Consultations or

Circulation Consulted

Manufacturing Department

SPRINGFIELD PRODUCTS are known the world over. The following pages are an index to the wide range and variety, the kind and quality of manufactured articles produced in this great and growing city. As a distributing center for Western New England and Eastern New York, Springfield offers exceptional advantages. A live, progressive Chamber of Commerce, a large market of skilled labor, and splendid railroad facilities — insure progress, prosperity and publicity to the City of Homes. When doing business with concerns advertised in the following pages, please mention the City Directory.

OF

METAL CUTTING SAWS

Hack Saw Blades

Hackmaster — UNBREAKABLE HAND BLADES — made of Molybdenum High Speed Steel — backs toughened so as to give them flexibility, and teeth edges hardened for durability.

High Speed — Genuine 18-4-1 High Speed Steel Hand and Power Blades, possess excellent cutting properties, great wearing and abrasive resistance qualities.

Mo-Speed — Hand and Power sizes. Molybdenum High Speed Steel Hack Saws — have unusual toughness in relation to their hardness, keen cutting edges, high efficiency.

Standard BLADES, hand sizes, the ordinary grade of hack saws made better. Can be furnished in the solid all hard type or the hard edge flexible back style.

Band Saw Blades

Hard Edge Flexible Back — our special heat-treating method tempers only saw teeth, producing an unusually hard cutting edge — used for hard and soft steels and non-ferrous metals.

Diemaster Narrow Metal Band Saw Blades in 100 foot coils for use on Do-All, Grob, Tannewitz and other band sawing machines — for accurate contour work and straight cutting. Packaged in our Safety Box.

Skip-a-Tooth — file-hard teeth designed with extra long gullet — ideal for soft sticky metals, hard and soft woods, plastics, and like material.

Wood Cutting BAND SAWS — Saws which retain their keen edge longer — give more cuts per saw — cut straighter and last longer than the ordinary Wood Band Saw.

New Family Addition — Lenox Precision — Master Ground Flat Stock

3 *Methods*

FOR INSERTING CLASSIFIED ADS IN THE UNION-REPUBLICAN-DAILY NEWS

By Direct
PHONE
7-5366

A host of Springfield and Western Massachusetts people use the Springfield Newspapers Classified Ads when they have real estate to sell, a business opportunity to market, a vacancy in the office to fill, or a job to find.

They use Classified Ads whenever the commodity or service they have to offer makes it desirable for them to reach beyond the boundaries of their own streets or communities.

Three methods of handling orders make it easy to insert a Classified Ad. Use the method which you find most convenient and benefit from the tremendous result power of the Springfield Newspapers.

1. The Ad Taker will be glad to help you word your ad.

In
PERSON
At our Classified Counters

3. We regard Classified Ads that are received by mail so important that an entire department has been set-up to care for this business.

FISHING IN THE RIGHT SPOT ?
use your Directory - the RIGHT SPOT

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

Storm Windows and Jalousies

The William D. Gallant Company

MFRS. — DISTRIBUTORS OF
Central and Southern New England

Win-Dor JALOUSIES

The Jalousie or venetian window or door is a series of adjustable louvres (slats). They provide controlled ventilation as well as standard window protection from the weather and have become a widely adopted architectural feature.
Win-Dor Approved Jalousies provide a completely weatherstripped window. This practical development pioneered by Win-Dor has given Jalousies a year-round usefulness. Consider the following advantages:

1. **Controlled ventilation in 95% of the opening area.**
2. **Interior protection from rain even when open.**
3. **Automatic locking in any position. As operation is controlled by removable handle, casual movement is eliminated and an outside entrance prevented.**
4. **Louvres easily cleaned from the inside.**
5. **Tight bracket construction prevents rattling from vibration or wind.**
6. **Sturdy hardware assembly with safety factor against abuse.**
7. **Patented stainless steel weatherstripping. Tests by recognized laboratory indicate low air infiltration of 45 cubic feet per hour per perimeter foot. Detailed report on request.**
8. **Installation as easy as standard windows and units furnished ready to install.**

With louvres of glass or wood, these efficient modern windows provide not only a functional but a decorative unit for architectural design. They make dramatic ceiling-height enclosures. They may be used as small window openings or as door panel vents and side vents for large fixed glass areas.

Names Appearing In Black Letters

* * *

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

WELD

Production TO GREATER SALES

The welder takes two pieces of rod—welds them together, thus making one complete product. Why not take a tip from the welder—make directory advertising a part of your sales program. Weld the loose ends of production and sales together.

A Lasting Advertisement

Insuring Maximum Coverage at Minimum Cost Is Now Available

City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or produce, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.

Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.

What Can We Do For You ?

ADDRESSING
We address envelopes and wrappers of every description at reasonable prices. Work promptly and accurately executed. Telephone and our representative will call.

DIRECTORIES
We publish Directories for over 100 Cities and Towns. The value of Directory Advertising is best indicated by their remarkable patronage. Rate card sent on request.

MAILING LISTS
We compile authentic lists of trades, professions, and every line of business. A good live mailing list, free from dead wood, can always be resold for what it cost you.

MULTIGRAPHING
We execute facsimile typewritten letters promptly. Our process is mechanically correct and the work itself is genuine. Just prices. Prompt, efficient painstaking service.

SUMMER CAMP FOR BOYS — Lake Norwich-in-the-Berkshires

CLASSIFIED DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to any firm or individual in business, classified according to their business or profession.

Information—as to Associations, Clubs and Societies, when and where they meet and the name and address of their secretary.

Information—as to Churches, their location and pastor together with the pastor's address.

Information—as to where to obtain a list of prospects for your products or service.

Information—as to where to obtain any service that your community has to give.

Information—as to where to buy advantageously when competitive bids are required for any given service or product.

— Finally —

If your neighbor has it to sell, give him your business.
Like consideration from your neighbor adds prosperity to both.
